

# STRATEGIC TECHNOLOGY COMMUNICATIONS AWARDED STATE CONTRACT FOR THE 6<sup>TH</sup> YEAR IN A ROW

**Scottsdale, Arizona, October 5, 2010** – [Strategic Technology Communications, Inc.](#) (STC), the premier telecommunications managed services provider in Arizona for the past 11 years, announced today that it has been awarded an Arizona State Contract for Carrier Services for the 6<sup>th</sup> year in a row.

Only a hand-full of companies are awarded the Carrier Service Contract by the State of Arizona each year. These companies are held to a strict level of service standards and must provide competitive pricing.

Debbie Long, President of STC said “We are very pleased and extremely proud to have been awarded the State Contract once again. It is a testament to the level of service we have been providing and the trust the State Government has with us”. Mrs. Long added that “having the State contract makes it easy for State and entities as well as schools and libraries to quickly differentiate high-quality service providers from others”.

STC has continued experiencing growth over the past few years, despite the slowing economy. STC is attributing its success to the innovative solutions they provide, including hosted broadband, voice, video conferencing, and e-mail services which save companies money and increase the security of their technology.
